

CYBER SECURITY

Because the better connected we are, the more opportunities we create.

NEXERE Consulting specialises in the niche talent acquisition of Cyber, Information & IT Security resources. A dedicated and experienced recruitment business with approval to work on a wide range of Government frameworks and established relationships across Defence, Finance, Energy, Retail and Technology verticals. Our clients consist of Consultancies, End Users, SME and Global organisations within the Cyber Security space.

Through experienced talent acquisition our network spans across Pen Testers, Security Analysts, Security Architects, Security Consultants, Security Managers and Heads of Security / CISOs.

Typically working with candidates and clients with skills such as CISO, CISSP, CISM, CISA, CRISC, CESG, CCP/CLAS, IISP, HMG, GRC, ISO27000/27001, SOX, PCI DSS, SSCP, SANS, SABSA, ISMS, CHECK/CREST, SIEM, IAM, Pen Testing, Threat Analysis, Incident Response, Digital Forensics and Cyber Security.
